

CERTIFICATE

ILC TESTING SCHEME

LAB CODE 23

The BEA InterLaboratory Comparison Tests (ILC) complies with the requirements of the international standard EN ISO/IEC 17043 (2010). The evaluation of the results is published in our final report **ILC-solid biofuels & SRF 2025**.

BEA Institut für Bioenergie GmbH awards **Riga Technical University** this certificate for the successful participation (z-score < 2) in **ILC-solid biofuels & SRF 2025** for the following test methods:

Sample #2: Industrial pellets (6 mm)

- ✓ CH O acc. ISO 16948:2015
- ✓ Bulk density acc. ISO 17828:2025
- ✓ Mechanical durability acc. ISO 17831-1:2025

Sample #3: Graded wood chips

- ✓ Net calorific value acc. ISO 18125:2017
- ✓ Gross calorific value acc. ISO 18125:2017
- ✓ Moisture content acc. ISO 18134-1/-2:2023
- ✓ Ash content (550°C) acc. ISO 18122:2023
